I am opposed to any and all consideration of the federal government tinkering with my 403(b) savings account.

Our nation was founded on the concept of liberty and the pursuit of happiness. The concept of liberty includes the freedom to make choices. Sometimes those choices have positive outcomes. Other times they have negative outcomes. It is not the role of the government to determine equal OUTCOMES. The government's role is to protect the right to equality in OPPORTUNITY.

I urge the Dept. of Labor and Dept. of the Treasury to abandon any plan to "guarantee" the OUTCOMES of my 403(b).

Cordially, Brian McGarry
